### Personal Information

We collect and use personal information about you so that we can provide you with a policy that suits your insurance needs. This notice explains the most important aspects of how we use your information but you can get more information about the terms we use and view our full privacy policy at [www.aviva.co.uk/privacypolicy](http://www.aviva.co.uk/privacypolicy) or request a copy by writing to us at Aviva, Freepost, Mailing Exclusion Team, Unit 5, Wanlip Road Ind Est, Syston, Leicester LE7 1PD.

The data controller responsible for this personal information is Aviva Insurance Limited as the insurer of the product. Additional controllers include Binnacle Insurance Services Limited, your intermediary who are responsible for the sale and distribution of the product, and any applicable insurers, reinsurers or brokers we use.

### Personal information we collect and how we use it

We will use personal information collected from you and obtained from other sources:

- to provide you with insurance: we need this to decide if we can offer insurance to you and if so on what terms and also to administer your policy, handle any claims and manage any renewal
- to support legitimate interests that we have as a business. We need this to:
  - manage arrangements we have with our insurers, reinsurers and brokers we use, and for the detection and prevention of fraud,
  - help us better understand our customers and improve our customer engagement. This includes profiling and customer analytics which allows us to make certain predictions and assumptions about your interests, make correlations about our customers to improve our products and to suggest other

products which may be relevant or of interest to customers,

- to meet any applicable legal or regulatory obligations: we need this to meet compliance requirements with our regulators (e.g. Financial Conduct Authority), to comply with law enforcement and to manage legal claims, and
- to carry out other activities that are in the public interest: for example we may need to use personal information to carry out anti-money laundering checks.

We may also use personal information about other people, for example family members you wish to insure on a policy. **If you are providing information about another person we expect you to ensure that they know you are doing so. You might find it helpful to show them this privacy notice.**

The personal information we collect and use will include name, address and date of birth, financial information and details of your property.

If a claim is made we will also collect personal information about the claim from you and any relevant third parties. We may also need to ask for details relating to the health or any unspent offences or criminal convictions of you or somebody else covered under your policy. We recognise that information about health and offences or criminal convictions is particularly sensitive information. We'll ensure that we only use that information where we need to for our insurance purposes (including assessing the terms of your insurance contract, dealing with changes to your policy and/or dealing with claims).

There may be times when we need consent to use personal information for a specific reason. If this happens we will make this clear to you at the time. If you give us consent to using personal information, you are free to withdraw this at any time by contacting us – refer to the “Contacting us” details below. Please note that if consent to use this information is withdrawn we will not be able to continue to process the information you gave us for this/these purposes(s). This would not affect our use of the information where consent is not required.

Of course, you don't have to provide us with any personal information, but if you don't provide the information we need we may not be able to proceed with your application or any claim you make.

Some of the information we use as part of this application may be provided to us by a third party. This may include information already held about you and your property within the Aviva group, including details from previous quotes and claims, information we obtain from publicly available records, our trusted third parties and from industry databases, including fraud prevention agencies and databases.

### Credit Reference Agency Searches

To ensure the Insurer has the necessary facts to assess your insurance risk, verify your identity, help prevent fraud and provide you with our best premium and payment options, the Insurer may need to obtain information relating to you at quotation, renewal and in certain circumstances where policy amendments are requested. The insurer or their agents may undertake checks against publicly available information (such as electoral roll, county court judgments, bankruptcy orders or repossession(s)). Similar checks may be made when assessing claims.

The identity of our Credit Reference Agency and the ways in which they use and share personal information, are explained in more details at [www.callcredit.co.uk/crain](http://www.callcredit.co.uk/crain).

### Automated decision making

We carry out automated decision making to decide whether we can provide insurance to you and on what terms, deal with claims or carry out fraud checks. In particular we use an automated underwriting engine to provide a quote for this product, using the information we have collected

## How we share personal information with others

We may share your personal information:

- with reinsurers who provide reinsurance services to Aviva and for each other in respect of risks underwritten by Aviva, with insurers who cover Aviva under its group insurance policies and with our brokers who arrange and manage such reinsurance and insurance arrangements. They will use your data to decide whether to provide reinsurance and insurance cover, arrange and manage such cover, assess and deal with reinsurance and insurance claims under such cover and to meet legal obligations. They will keep your data for the period necessary for these purposes and may need to disclose it to other companies within their group, their agents and third-party service providers, law enforcement and regulatory bodies.
